The Personal Pack is the perfect tote for those personal items that need to be kept close, clean and conveniently accessible. Developed as an accessory for the Stor-Mor Backpack (BP), the Personal Pack has quickly become one of our most popular "stand alone" items as well. Personal Pack can be slung over the shoulder, carried by hand, laid flat on the ground or hung on any convenient hook or nail. Though quite compact, PP's pockets carry more than would be expected, as the flexible construction accommodates over-packing. The light-weight yet durable Personal Pack is a "must have" in any situation, from backpacking to mass casualty response.
