

STOR-MOR BACKPACK(BP) SPEC SHEET

Stor-Mor BP (Backpack) System

Stor-Mor Backpack off frame

Stor-Mor Backpack panels

>>> This pack, removed from the frame, opens and separates to become these panels. >>>

Perfect World Luggage part number: SB1680(A)

***NEW NSN: 6530-01-567-2988**

Formerly called "Backpack, Medical", "Stor-it Backpack For Medical-Full-size" / Formerly Iron Duck- Fleming Industries # 38101

OLD NSN 6515 01 518 0161

Stor-Mor Backpack (BP) is PWL's largest organized solution for bulk storage and deployment of medical equipment and supplies. When closed, Stor-Mor BP transports varying-sized items needed for mass casualty care in a structured, soft-sided backpack with a removable, ergonomic frame. After frame removal, it quickly and ingeniously unfolds and unzips into six flat panels with removable clear vinyl pockets that organize, protect and display all of the packed supplies. The panels can be hung in several different configurations to allow the opened Stor-Mor BP to work well in varying spaces. Specialized panels accommodate everything from chest tubes to bed pans to portable heart monitors. Each Stor-Mor BP can be refolded into the closed position in under 5 minutes. Intuitive proprietary exterior pockets on the Stor-Mor BP make color coordination of more than one pack quick and simple. Proprietary "double" pockets on the Stor-it exterior keep private papers private. Each order includes 1 Cabela's Alaskan I or II frame. See Cabelas.com for more information. Includes one Personal Pack (PP1680) - see separate spec sheet for this item.

Stor-Mor BP specs: (for add'l frame specs contact Cabela's)
